I hate you, everything about you  
Don't wanna be in love with you no more  
Don't wanna be around you, touch you, fuck you  
Don't ever wanna see you come around my door

Don't ever try to touch me again  
I loved you so much, oh baby but then, oh  
I hate you, I hate you, I hate you, ah ah  
I hate you, I hate you, I hate you, ah ah

I hate you ah, I hate you ah, I hate you ah, ah  
I hate you ah, I hate you ah, I hate you ah, ah  
I hate you ah, I hate you ah, I hate you ah, ah  
I hate you ah, I hate you ah, I hate you ah, ah

Betrayed me, played me, slayed me  
Hurt me like I've never been hurt before

Dissolved me, owed me, for the  
Every people you decided that you wanted in your life  
more

Make your bed now, lie in it and  
Don't wake up, you don't live in

Don't ever try to touch me again  
I loved you so much, oh baby but then, oh  
I hate you, I hate you, I hate you, ah ah  
I hate you, I hate you, I hate you, ah ah

I hate you ah, I hate you ah, I hate you ah, ah  
I hate you ah, I hate you ah, I hate you ah, ah  
I hate you ah, I hate you ah, I hate you ah, ah  
I hate you ah, I hate you ah, I hate you ah, ah

Baby don't be here around me again  
Don't wake up, you
