I can't count all the times that I had to say I'm sorry  
For wanting something with a few more bits than my  
Atari  
Don't play a game, boy  
They said it would get old  
But sometimes boys like me are curious  
And can't be told no  
You came along and had me saying  
"What is this?"  
Your sexiness had got me ready for the Genesis

Baby, grab a hold of the joystick  
Take control of the motion  
I can feel it when you huh-huh  
Baby, you make all of the choices  
Other players can join us  
If you're feeling like you wanna play games

If you wanna play games [x7]  
If you wanna play

Then I upgraded to Nintendo 64  
And your first time with a joystick  
Left you feeling like a who-ho-ho-ho  
Hyper gamer, nothing greater  
We can play all night  
You'd better be some competition  
'Cause I want a fight

Baby, grab a hold of the joystick  
Take control of the motion  
I can feel it when you huh-huh  
Baby, you make all of the choices  
Other players can join us  
If you're feeling like you wanna play games

If you wanna play games [x7]  
If you wanna play

I don't want you thinking  
That I'm trying to apply pressure  
But the pressure makes it better

Pushing harder makes it wetter  
If you wanna skip a level  
Then we'll go to level two  
Just beat my boss and get me off  
And then I'll play with you  
You, you, me  
Okay, just plug the damn thing in already

If you wanna play games [x7]  
If you wanna play

Baby, grab a hold of the joystick  
Take control of the motion  
I can feel it when you huh-huh  
Baby, you make all of the choices  
Other players can join us  
If you're feeling like you wanna play games

If you wanna play games [x7]  
If you wanna play
