Do you remember the first time that you  
Looked up into the night sky with me  
I knew foreer I found that with you  
When you're not around  
All of my stars fall down

[Chorus:]

Back to when you wanted me, back to when you  
needed me  
Starlight Starlight  
Starlight Starlight

Back when all the stars were like  
Diamonds shining in your eyes  
Starlight Starlight  
Starlight Starlight

Time that I took for granted I would  
Move the sun and the planet if I could

Get you back in my orbit  
With me  
And if you come back down  
I would move them all around

You left in the dark  
You took my only spark

Back to when you wanted me  
Back to when you needed me  
Starlight Starlight  
Starlight Starlight

Back when all the stars were like  
Diamonds shining in your eyes  
Starlight Starlight  
Starlight Starlight

I wish I may I wish I might  
Wish on the star I see tonight  
I want you...I need you

Back to when you wanted me  
Back to when you needed me  
Starlight Starlight  
Starlight Starlight

You left me in the dark  
You took my only spark

Back to when you wanted me  
Back to when you needed me  
Starlight Starlight  
Starlight Starlight

Back when the stars were like  
Diamonds shining in your eyes  
Starlight Starlight  
Starlight Starlight

Diamonds shining in your eyes  
When you're not around  
All of my stars fall down
