Told you sometimes I see things that others won't  
believe  
Fold 'em let 'em hit me raise it baby can't you see  
That all of it's illusion the conclusion soon will be  
So let out your inner animals and celebrate with me

All the thoughts that run to my head gonna dance till  
my eyes go black  
All the thoughts that run to my head gonna dance till  
my eyes go black  
All if I'm gonna give it my all gonna give it till I can't go  
back  
All the thoughts that run to my head gonna dance till  
my eyes go black

Will you take me  
Out into the light where I can finally see  
Shine your light with me and chase all the dark away  
Shine your light with me and chase all the dark away

This is how you make yourself do what you wanna be  
Keep your hands unfolded golden take it by the lead  
You're a cut above the masses you're a king you must  
believe  
So shine a light into the dark and then you'll finally see

All the thoughts that run to my head gonna dance till  
my eyes go black  
All the thoughts that run to my head gonna dance till  
my eyes go black  
All if I'm gonna give it my all gonna give it till I can't go  
back  
All the thoughts that run to my head gonna dance till  
my eyes go black

Will you take me  
Out into the light where I can finally see  
Shine your light with me and chase all the dark away  
Shine your light with me and chase all the dark away

What are you waiting for?

What are you waiting?

What are - what are - what are you waiting for?

All of this illusion all-all-all of this illusion

Go let out your inner animals and celebrate with me

Will you take me

Out into the light where I can finally see

Shine your light with me and chase all the dark away

Shine your light with me and chase all the dark away

Shine your light with me and chase all the dark away
