I felt this time that we had something  
You rolled your eyes like it was nothing new  
You only think about you  
Put your shades on not to show it  
Don't pretend that you don't know its true  
You only think about

If you look good  
And girl you should

Welcome to hollywood  
Boy, ya better live it up before it brings you down  
Welcome to hollywood  
Just got a grip on how to get around

I'm so glad I got to you know now you  
I know what I'm suppose do  
You only think about you  
The freindly faces I've been seeing  
Now I know they're far from being true  
You only think about you  
If you look good  
I guess I should  
Welcome to hollywood  
Boy, ya better live it up before it brings you down  
Welcome to hollywood  
Just got a grip on how to get around

In your favorite tinseltown the boulevards,  
The neon lights I've been in love since the first sight  
I wouldn't change it if I could  
Welcome to hollywood  
Boy, ya better live it up before it brings you down  
Welcome to hollywood  
Just got a grip on how to get around, get around

Welcome to hollywood  
Just got a grip on how to get around  
Dog eat dog is to be seen in the tabloid magazine  
Seventeen a billioniare daddy's money,  
Do you care welcome to hollywood?
