I know your kind,
You've been through the mill,
Now you're standing in line,
Too proud to beg and too tired to cry,
About the one that got away,
Your first love
Oh he taught you how to pay
And now you're all alone
You've got your misery,
You were not taught so well sister
That's why you ended up with me

Now that you've found me,
Oh darling please don't tease me,
All of my naked years are in front of me,
Come here darling,
Lay down by my side
Lovin' the way you do,
Oh, woman won't you tell me,
Tell me who,
Tell me who can deny you;

You love and you lose, you're lost in the blue
Your turn again, you paid your way but it's under your
skin
And it'll never let you go, under your skin so deep
It never really shows;
You're all alone but you've got your misery
The sea is raging honey reaching for you and me;
Now that you've found me,
Oh darling please don't tease me,
All of my naked years are here in front of me,
Come here darling,
Lay down by my side
Lovin' the way you do,
Oh, woman won't you tell me,
Tell me who,
Tell me who can deny you
