vers:

Another day, staring out of my window  
thinkin' bout tomorrow, wishing things would clear

No need to rush, I ain't gonna worry  
any moment my sorrow, is bound disappear  
chorus:

Sometimes I tell myself, I'm better off without you  
and then I have to face the emptiness I feel inside  
without you  
and find a way to make it through another day

vers:

I need a way, to find the truth within me  
accept the fact that I love you, my blue eternity  
I hear they say what doesn't kill you makes you stronger  
I must have The heart of a lion  
sifting through loves remains

chorus:

My love for you is etched, forever in my memory  
now I realize that life goes on  
even though you're not here with me  
I wake up looking forward to another day  
a day of livin' without you I can't stand livin' without you  
just another day
