I was having this discussion  
In a taxi heading downtown  
Rearranging my position  
On this friend of mine who had  
A little bit of a breakdown  
I said breakdowns come  
And breakdowns go  
So what are you going to do about it  
That's what I'd like to know

You don't feel you could love me  
But I feel you could

It was in the early morning hours  
When I fell into a phone call  
Believing I had supernatural powers  
I slammed into a brick wall  
I said hey, is this my problem?  
Is this my fault?  
If that's the way it's going to be  
I'm going to call the whole thing to a halt  
You don't feel you could love me  
But I feel you could  
You don't feel you could love me  
But I feel you could

I was walking down the street  
When I thought I heard this voice say  
Say, ain't we walking down the same street together  
On the very same day  
I said hey Senorita that's astute  
I said why don't we get together  
And call ourselves an institute

You don't feel you could love me  
But I feel you could  
You don't feel you could love me  
But I feel you could
