I've got a little hunch that
There is something going on now
The clothes I bought, the friends I've got
My teacher had a meltdown

Then I look at me and I start to see
And I voice inside tells me what I must do

Wake up who knew it's me, it's you get a clue
It's there inside of you
(Oh yeah let's go)
Get a clue there's nothing you can do

Nothing's ever quite what it seems
Just look a little closer at me
Wake up who knew it's me, it's you get a clue
That's the way it goes now

Did you ever see the world around you
Change before your eyes?
(Your eyes, your eyes)
The people you ignore me for
They took you by surprise
(Your eyes, your eyes)

Then you look at me and I start to see
That something happens when I'm next to you

Wake up who knew it's me, it's you get a clue
It's there inside of you
(Oh yeah let's go)
Get a clue, there's nothing you can do

And nothing's ever quite what it seems
Just look a little closer at me
Wake up, who knew, it's me, it's you get a clue

Oh yeah, let's go
That's the way it goes now
Oh yeah, let's go

The first one came on a Tuesday afternoon

When I first saw you
The next one came to my surprise
When I found out what I had to do

Take a photograph of me
Hang it in a gallery
Sit around and watch TV
Turn around and then you look at me, yeah, yeah

Rock the mic
Oh yeah let's go

I've got a little hunch that
There is something going on now
The clothes I bought, the friends I've got
My teacher had a meltdown

Then I look at me and I start to see
And I voice inside tells me what I must do

Get a clue, it's there inside of you
(Oh yeah, let's go)
Get a clue, there's nothing you can do

And nothing's ever quite what it seems
Just look a little closer at me
Wake up, who knew, it's me, it's you

Get a clue
(Oh yeah, let's go)
Get a clue
(Oh yeah, let's go)

Wake up, who knew, it's me it's you
Get a clue
(Oh yeah let's go)

That's the way it goes now
(Oh yeah, let's go)
Wake up, who knew, it's me, it's you
Get a clue
