"Hey You"

Hey you, I'll make you an offer
A million starving men could not refuse
Hey You, I can read your smack rotted mind
Your thoughts are warning you, it's all too good to be
true

Hey you, just let me in I'll bury the pain erase
The shame make it go away
Hey you, I'll give you the life of your dreams
I'll fulfill every fantasy

Tastes so sweet and then I'll feed underneath the skin
I'll break down every fucking living cell in your body

Hey you, I left you without a trace
Can't stand your pathetic disgrace of a face
I stole every piece of your purest intention

Hey you, I left you without a trace
Can't stand your pathetic disgrace of a face
I stole every piece of your purest intention
Now I'm done

I live inside these walls of every mind
I spread I crawl, I feed and I kill

I'll kill you too
Kill your lies
Kill you first

You can't hurt me
Can't beat me
Can't deceive

Hey you, I left you without a trace
Can't stand your pathetic disgrace of a face
I stole every piece of your purest intention

Hey you, I left you without a trace
Can't stand your pathetic disgrace of a face
I stole every piece of your purest intention

Hey you, I left you without a trace
Can't stand your pathetic disgrace of a face
I stole every piece of your purest intention
