Take a look at me,
Tell them what you see.
Just an ornament,
Ready to decorate.
Like a figure in a magazine,
Position me to best suit your needs.
Under microscope,
Calculate and probe.
Now delineate,
Your image on to me.
It's alright.
Perfect smile.
Seamless style.
Make-up on.
Cast your spell on all that you see.
Perfect smile.
Seamless style.
Make-up on.
Always at your best for the world.
Insecurity forces you to pick
Apart the ones that,
Threaten your rank.
Perfect smile.
Seamless style.
Make-up on.
Cast your spell on all that you see.
Perfect smile.
Seamless style.
Make-up on.
Always at your best for the world.
Perfect smile.
Seamless style.
Make-up on.
Cast your spell on all that you see.
Perfect smile.
Seamless style.
Make-up on.
Always at your best for the world.
