[VERSE 1:]

I've been sittin' in the darkness
But the sunlights creeping in
Now the ice is slowly melting
In my soul and in my skin
All the good times, my friend
Yea yea
Are coming around again
Oh yeah...
I've been thinkin' reminiscing
Of better nights and better days
Hidin' in the refuge of
Memories I've made
I gotta feeling within, within
... It's comin' around again

[CHORUS:]

...It's comin' around again
We've been so long waiting for the all time high
We got a damn good reason
To put your troubles aside
And all your winter sorrows
Hang them out to dry
Throw it away, gotta throw it away
All the colourful days my friend
Are coming around again

That's right
Yeah, yeah
Yea, yea

[VERSE 2:]

I got someone waiting for me
It's been so long since we meet
And I may not be your salvation
But i'll offer nonetheless
And if like me you wanna take that chance
...It's comin' around again

Oh yeah

[CHORUS]

[VERSE 3:]

I can feel a change of fortune
No more ridin' on my love
Feel the wind is off my shoulders
As my feet become unstuck
Another good times on which we do depend
No?...

[CHORUS]

Wow

The sunshine
...It's Comin' around again
Wow
Good one
It's Comin' around again
Yeah, yeah
Wow
The all times
Yeah yeah
Yeah yeah
If I like

..It's comin' around again
Yeah yeah
...It's comin' around again
Yeah yeah
