At the back of the classroom Jimmy's sitting and  
thinking  
Just wants the sun to keep on shining  
His desk has got his life story written on it  
His girlfriend's name and number on it  
He's really glad his desk is by the window  
Teacher's talking thinking Jimmy is listening  
But the Crimean war just don't interest him  
Have to leave the class for a minute boys  
Turn to page one hundred and fifty four, I wanna see  
you  
Gonna through the paces, paces, paces paces  
Everybody's gonna be a good boy  
Everybody gonna be good  
Awful nice now do what you're doing  
Everybody do what you should ÆfÂçâ, Æ,Â!oh oh  
I want to see you going through the paces, paces  
Teacher talking thinking Jimmy is listening  
But the Crimean war just don't interest him  
Have to leave the class for a minute boys  
Turn to page one hundred and fifty boys  
I wanna see you going through the paces, paces,  
paces, paces  
Everybody gonna be a good boy, everybody gonna be  
good  
All be nice now, do what you doing  
Everybody do what you should ÆfÂçâ, Æ,Â!oh oh  
Paces, paces, going through the paces, paces  
Going through the paces, paces  
Going through the motions, paces  
Oh everybody gonna be a good boy  
Everybody gonna be good
