I am what I am I just happen to be related to the king  
I stand where I stand I just happen to be fated to be  
prince  
And if you should know all that I've been told  
Then you might as well be queen  
I'll be what I'll be just happens I'm graciated royalty,  
Me think my own things  
But answers with undivided loyalty  
And if you should hear all that I endear then you might  
as well be queen  
For the artist bears his soul for the truth is hard to hold  
in reality  
The oddest animal is a victim of his own immortality  
His highness and his throne he never chose to know  
Majesty, born in me, in me, in me  
David, David Bowie sat me on his knee and said, "you  
happen to be, you happen to be related"  
And Eddie, Eddie Vedder came into my house and  
said,  
"You happen to be, happen to be fated"  
Terrence Stamp, Chris's brother told me he was great  
and asked me to relay it  
And Rod Stewart skidded across the Oval stage singing  
to me,  
"Maggie must have made it, 'cause this boy is related  
And if you should know all that I've been told then you  
might as well be queen  
For the artist bears his soul as the  
Truth is hard to hold in reality  
For the oddest animal is a victim of his own immortality  
His highness and his throne, he never chose to know  
Majesty, born in me, in me, in me  
His highness and his throne, yeah he's a victim of his  
own immortality  
Majesty born in me, in me, in me
