Have things been difficult for you
Has loneliness sunk deeply through
Well you can call, any time at all
Cause I'm the answer
Cause I'm the answer
I'm your answer
I yam the answer
I'm the answer
I'm the answer
If you've been stood up on your date
Well, I'm the answer
When all the love has turned to hate
I'm the answer
I'll wait around
Till you have found
I'm the answer
I'm the answer
I'm the answer
I yam the answer
And if you get put down, let down, run down
Remember who's yours now
I'm your answer
If all your plans have not been right
I'm your answer
If he's not loving you tonight
I'm the answer
I'm the answer
I'm the answer, yea
I'm your answer
I'm your answer
I'm your answer
I'm your answer
I'm your answer
I'm your answer
I'm the answer
I'm the one you should call
I'm your answer
I'm the answer
