After all the broken stones  
That were thrown for no good reason  
Inside she's loving him still  
After all this time

And though her heart bares the scars  
No sign of healing, it's all right  
She's loving him still  
After all this time, oh yeah

Trying to push the past away  
Still waiting for the lights to change  
She'll try, try for the sake  
Of their pride, pride

Learning to barely feel the pain  
Thicker the skin, the less the strain  
And though it's really hurting  
She ain't breaking, breaking, breaking

'Coz she's loving him still  
After all this time

Now he knows, his weakness shows  
Selfish soul, never changing  
That's fine because she's loving him still  
After all this time

And to the outside eye  
You see a family getting by  
And it all seems perfect  
And that's how she wants it

'Coz she's loving him still  
After all this time

Trying to push the past away  
Still waiting for the lights to change  
She'll try, try for the sake  
Of their pride, pride

Learning to barely feel the pain

Thicker the skin the less the strain  
And though it's really hurting  
She ain't breaking, breaking, breaking

'Coz she's loving him still  
After all this time, after all this time  
After all of the, all of the, all this time

Bones have to grow and age it shows  
Though we try and hide it  
Inside, she's loving him still  
After all this time

And behind his tired eyes  
She sees the boy with his arms wide  
Who made her feel like an angel  
Oh that's why she's loving him still

For the rest of her life, she's loving him still  
For the last of many miles, she's loving him still  
After all this time
