Ask me where the worst place  
Could possibly be,  
Well I'm already there girl  
Guess how long it took  
To set all my demons free  
Well I'm already there girl

I got my wake up call  
When you shut that door  
And it all became clear to me

*[chorus:]*

All I want is you  
I'm no longer confused  
My life is not the same and I'm to blame  
I need you babe  
Say this love won't die  
Give me one more try  
Don't really have to say  
You gotta leave you wanne break  
I need you Baby  
Oh yeah, oh yeah, yeah, yeah

I swear I'll change my ways  
If you promise to stay  
Wanna know my biggest fear girl  
So take a look at me  
See how I've changed  
There's no-one to take your place

*[chorus]*

I need you babe

Girl I know I did you wrong  
Yeah baby  
I gladly take you back if I could oh..  
I don't wanna fuss and fight  
Just gotta make things right  
We've still got the time

All I want is you

I'm no longer confused  
My life is not the same and I'm to blame  
I need you babe  
Say this love won't die  
Give me one more try  
Don't really have to say  
You gotta leave you wanna break

*[chorus]*

All I want is you *[x4]*
