Oho

Let it flow

What's up girl?

Tell me what you trying do to tonight

And I try to cope girl

Better you planning coming by

You with your friends girl

When you gotta tell your girls goodbye

Then you gotta stop by the store and

Playing working lie (..?..)

I'm a (..?..) that you love

You know how I get down

When you walk in the door and no playing around

But the kissing, hugging, rubbing, touching

About this flowing and all that good loving.

Wud you gotta get out of your clothes

Girl let me get take to control

Let it flow, (let it flow)

just Let if flow

I'm gonna go south down low

Then I'm gonna show you all I know

Let it flow, (let it flow)

just Let if flow

That was quick girl

Wouldn't it taking to much time

To get hip girl.

When I must have been on your mind

What's the deal girl?

You know I ain't trying to play no games

So I think It's time to get right to it,

Don't ya feel the same way?

I'm a (Â...?Â...) that you love

you know how I get down

When you walk in the door and no playing around

But the kissing, hugging, rubbing, touching

About this flowing and all that good loving

Wud you gotta get out of your clothes

Girl let me got take to control

Let it flow,
just Let it flow (let it flow)
I?m gonna go south down low
Then I?m gonna show you all I know
Let it flow, just let it flow (let it flow, yeah)
Wud you gotta get out of your clothes
Girl let me got take to control
Let it flow, (I?m gonna take control)
just Let it flow
I?m gonna go south down low
Then I?m gonna show you all I know
Let it flow, just let it flow (let it flow)

Girl the things I do (do)
when I get my hands on you (you)
I lay your body down
