The sun is shining through  
Oh this perfect morning  
And I know that I am blessed  
But I'm guilty nonetheless

So many people lost  
So many people hurting  
And I wish I had a way  
To make everything okay

I don't know why  
How we got here  
But I reach inside  
And the answer's clear

Only love can heal the pain  
It can right the wrong, it can take the blame  
Only love can realize  
Nothin' more we need, 'cause it's all inside

So we fight, fight, fight  
And we won't let go and we reach up high  
Till everybody knows, only love can understand  
Only love can bring us together again

And it seems since time began  
That people just been fightin'  
And it ain't just black or white  
And it ain't just wrong or right

And I get so overwhelmed  
So disconnected  
Till you reach out to me  
You know just what I need

As long as I  
Can hold you near  
It's gonna be alright  
Won't have no fear

Only love can heal the pain  
It can right the wrong, it can take the blame

Only love can realize  
Nothin' more we need, 'cause it's all inside

So we fight, fight, fight  
And we won't let go and we reach up high  
Till everybody knows, only love can understand  
Only love can bring us together again

I pray for peace to shine on you and me  
I pray for strength, hope and faith  
For love to lead the way

And we won't run run  
And we'll rise above  
Only love, love, love

And we'll fight, fight, fight  
For the light, light, light  
And we won't stop, no

Only love can heal the pain  
It can right the wrong, it can take the blame  
Only love can realize  
Nothin' more we need, 'cause it's all inside

So we fight, fight, fight  
And we won't let go and we reach up high  
Till everybody knows, only love can understand  
Only love can bring us together again

Only love, only love, only love, only love
