I don't have my soul, yeah baby
My head is dead and she took my home
I don't have my soul, yeah babe
My head is dead and she took my home

I got you in my head
Giorgio Armani in my hair
You're playing through my head babe
With Giorgio Armani, Armani, Armani, Arma-ni

(Scat)

Yeah I don't have my soul now babe
My head is dead for a place to roam
Yeah she took my soul now babe
My head is dead, it's dead and she took my home

I got you in my head
Giorgio Armani in my hair
You're playing through my head babe
With Giorgio Armani, Armani, Armani, Arma-ni

Why don't you wake up before I let go (x8)
Why don't you wake up, yeah babe
Why don't you wake up in my head
Why don't you wake up in my head

Before I let go
Before I let go
