Let bygones be bygones,  
These sleepy dogs lie.  
Finally final  
That glint in your eye.  
Caught with that sad sound,  
Sealed deep in yur face.  
Fused in confusion  
By winds of change.

But there you go stuck in that day.  
All the things you do and say,  
Rain and rain on me.

I was just grooving on my time.  
And its me, and its just my light,  
But you dance all over my tree.  
Get out of that day  
And give it back...to me.

Two days, two nights.  
Too far, too near.  
So close to heaven, so close to tears.  
You with your flaming head, me on my cloud.  
All these stupid words fall around.

But there you go stuck in that day.  
All these things you do and say,  
Rain and rain...on me.

I was just grooving on my time.  
And its me, and its just my light,  
But you dance all over my tree  
Get out of that day  
And give it back...to me.

...but there you go stuck in that day  
...in that day...

I was just grooving on my time.  
And its me, yes its just my light,  
But you dance all over my tree.

Get out of my day  
And give it back....to me
