Take a picture cause we're taking this place down
And remember it is us or them
If you wanna do this forever do this forever
Singing dancing fucking like pigs is shit
Don't you know that this is freedom
Down down down
This is for you
You turn around
Hear the sound
This lifetime is running out
This is for those who know how
This is how how it goes
This is how how we live (x3)
I'd die for this i'd kill for this
Now now now right fucking now
This is how we dance dance
This is how we sing sing
This is how we fuck fuck
This is how we live live
And i say and i say and i say
I refuse now now now right fucking now
This is how we dance dance
This is how we sing sing
This is how we fuck fuck
This is how we live live
