Forgive me if my fantasies might seem a little
shopworn
I'm sure you've heard it all before. I wonder what's the
right form
Love songs written for you, it's been going down for
years
But to sing what's in my heart seems more honest than
the tears.

I am curious, don't want to hurry us.
I'm intrigued with us.
Ain't this song a bust.
I don't care, dark star.

I met you several years ago,
The times they were so strange, but I had a feeling.
You looked into my eyes just once,
An instant flashing by that we were stealing.
Another time you felt so bad,
And I wasn't any help at all as I recall.
We didn't quite know what to do so we left the wanting
be
Still there for me and you.

Dark star, I see you in the morning,
Dark star, a' sleeping next to me.
Dark star, let the memory of the evening
Be the first thing that you think of
When you open up your smile and see me, dark star.

It's easy to be with you
Even with the storms that rage beneath your search for
peace.
We must make some time together
Take the kids and find a world that's ours to keep.
Now you've got me dreaming girl.
It's been so long that I thought that I'd forgotten how.
My heart is once again my soul.

We touched, we did, you know we did, no more teasing
now.

Dark star, I see you in the morning,
Dark star, a' sleeping next to me.
Dark star, let the memory of the evening
Be the first thing that you think of
When you open up your smile and see me, dark star.
