Holding you close undisturbed before the fire
The pressure in my chest when you breath in my ear
We both knew this would happen when you first
appeared
My lady of the island

The brownness of your body in the fire glow
Except the places where the sun refused to go
Our bodies were a perfect fit in afterglow
We lay, my lady of the island

Letting myself wander through the world inside your
eyes
You know I'd like to stay here until every tear runs dry
Do do do do do do.....
My lady of the island

Wrapped around each other in the peeping sun
Beams of sunshine light the stage, the red light's on
I never want to finish what I've just begun with you
My lady of the island
Do do do do do do.....
