Have you ever wondered what hurts more?  
Saying something and wishing you hadn't or  
Saying nothing and wishing you had?  
Harsh words and violent blows, hidden secrets nobody  
knows - background

Broken and bruised I pick up the pieces  
Lost inside someone so warped and twisted -  
background  
Of a once beating heart that by love has been burnt  
Ashes sifted, I'm still here warped and twisted-  
background

Tears roll down as the rain starts to fall  
My mind stuck on a constant replay  
Silently I say -  
I'm not gone yet!

(chorus)  
Swimming in the smoke of the bridges I have burned  
I've lost what I don't deserve  
But in the end it doesn't even matter..  
Lost in someone so warped and twisted - background

I'm dead yet alive  
On my knees begging  
Can't you see the blood I've bled?  
Don't expect much I'm warped and twisted -  
Background  
You to think back  
At the times we had  
Deep inside I'm warped and twisted - Background

(Chorus)

Listening loudly to a silent scream  
Chocking on a dream  
The sun dried out  
Ashes sifted today's just yesterday's tomorrow  
I'm still here  
Warped and twisted

(chorus) x3
