Pre-You

by Jimmy Buffett, Ralph MacDonald and William Salter

Mysterious lost weekend in a land where time stands still

Where people fall in love again just for one more thrill

My girl and I went walking by the Caribbean Sea

Someone snorkeled by and raised her head up high

My girl said, "Who's she?"

Chorus:

She's pre you

Just a friend so don't be blue

Pre you

She's just a girl that I once knew

A pleasant smile a pretty face

Another time another place

Pre you

What's a guy supposed to do?

Long ago we were close but the fire went out

She's a tease can't you tell that's what she all about

Like an old broken clock on the wall she's got nothing to say

She's so long ago

She's so yesterday

Chorus:

She's pre you

Just a friend so don't be blue

Pre you

She's just a girl that I once knew

A pleasant smile a pretty face

Another time another place

Pre you

What's a guy supposed to do?
