I once forgot, who I was and what it meant to me  
I once forgot, what my purpose was and what it really means

But now I'm back to the start  
I know it's gonna be hard

To make my way from you  
To stand up on my own  
To mend my broken heart  
I need to forget you

I can't forget  
All those nights we shared in bed  
I can't forget  
What I thought was felt and what was said

I thought we'd last forever  
But now I have to go

To make my way from you  
Stand up on my own  
Mend my broken heart  
I need to forget you

La da da da da da da  
La da da da da da da

Make my way from you  
Stand up on my own  
Mend my broken heart  
I need to forget you

To make my way from you  
Stand up on my own  
Mend my broken heart  
I need to forget you
