Everyday, when I'm feeling down
Think of you, then there's no more sound
No more pain, takes it all away

Make me laugh, make me feel alive
Make me smile, make me clear my mind
Make me cry, make me good inside

And I (I, I)
I will, never let you go

Stay with me (I will love you)
Lay with me (If you let me)
Here tonight (Would you)

Close your eyes
Leave your trust with me
Take my hand
It's just you and me
Feel my heart
Beating endlessly

Take a chance
Time is running out
All the lies
Every word of doubt
Will be gone
If you kiss me now

And I (I, I)
I will, never let you go

Stay with me (I will love you)
Lay with me (If you let me)
Here tonight (Would you)

Stay with me (I will love you)
Lay with me (If you let me)
Here tonight (Would you)

Stay with me (I will love you)

Lay with me (If you let me)
Here tonight (Would you)
