I saw a butterfly
And it reminded me of you
The way it spread it's wings
And flew up high into the sky

I saw a rainbow
And it reminded me of you
The way it's colours
They blend together
To make one fascinating thing

I saw a cloud drift by
And it reminded me of you
The way it looks so soft
And it's made of things that
You wouldn't think of

I saw the sunlight
And it reminded me of you
The way it shines so bright
The way it lights up the sky

I saw a butterfly
And it reminded me of you
I saw a rainbow
And it reminded me of you
I saw a cloud drift by
And it reminded me of you
I saw the sunlight
And it reminded me of you
I saw an angel
And it reminded me of you
Of you
