Pouring in and around the great wellspring
Of simple feeling
I need Bearings in the face of your
Cool cool fire
Walking backwards with the pouding of your voice
Makes my-----soul-----tired
Concrete is
As concrete doesn't
And voices can drown
Why should I
Why should I
Why should I
Why should I
Solidify
Make me real
So-----you-----can-----see-----me
I guess you thought
I'd hide the sun from my liquid thoughts and
Make ice for you
You thought I'd see my clouds
With the rain of you personal dreams
I guess you thought I'd throw confetti
At your parade of lofty thoughts
I guess you tought I'd shine good morning
In some good morning Jack
Surprise
Why should I
Why should I
Why should I
Solidify
Make me real
So-----you-----can-----see-----me...
