"Let It Go"

Visit "[Let It Go](#)" on [MotoLyrics.com](#)

There's nothing to say
I'll give you no reaction
Nothing to try
And give you the satisfaction
Nothing to say
I'll deafen you with silence
Why should I try
Could kill you with existence

So let it go
You'll only hurt yourself
So let it go
You'll only hurt yourself

Every false claim
Each twisted word will twist you
So say it again
Cause the truth remains within you
Every bad thought
Each bullet word reflected
Will come back to you

And poison you with hatred

So let it go
You'll only hurt yourself
So let it go
You'll only hurt yourself

Out of sight I occupy your mind
The less I say the more you show, the more I know
I occupy your time
Out of sight I occupy your mind

There's nothing to say
I'll deafen you with silence
Nothing to try
Could kill you with existence
Every bad thought
Each bullet word reflected
Will come back to you
