I'm right here, I'm right here
Please come fall in my arms again
I'll be here to catch you when you do

Never mind all the never ending struggles
They only make me stronger
Every time all the everlasting troubles come
I'm stronger than before

Thank God for disaster, disaster and tears
Thank God for my reasons, my reasons to fear
Every time that I've lost it all and death is calling me
I understand this is what saved my life again

Wake up, wake up
It seems like now I've got nothing left
Can you save me somehow with the rest?

Never mind all the never ending struggles
They only make me stronger
Every time all the everlasting troubles come
I'm stronger than before

Thank God for disaster, disaster and tears
Thank God for my reasons, my reasons to fear
Every time that I've lost it all and death is calling me
I understand this is what saved my life again

Wake up, wake up
I'm right here, I'm right here

Thank God for disaster, disaster and tears
Thank God for my reasons, my reasons to fear
Every time that I've lost it all and death is calling me
I understand this is what saved my life again

Every time you save me somehow
And I finally, I open my eyes
And I, I will never be the same again
I will never be the same again
