Well you deserve only the best in me  
Without you I've lost it all  
I know I've taken for granted  
All these years  
The things that seem so small  
And I'd give anything for one more  
Just one more try to notice the things  
I'm holding on to right now in my mind

Cause I'm missing you tonight  
'Til I finally close my eyes  
I am caught up in this moment  
So caught up  
Cause you're right here by my side

You always did bring out the best in me  
That part of me has died  
I know I couldn't even live my life  
Without you but I tried  
And to think that I'm all you wanted  
Well you got all of me this time  
And I'm ready to give this one more chance  
As long as you're willing to try

Cause I'm missing you tonight  
'Til I finally close my eyes  
I am caught up in this moment  
So caught up  
Cause you're right here by my side

And if I'm dreaming it's alright  
'Til I finally close my eyes  
I am caught up in this moment  
So caught up  
Cause you're right here by my side

So where do we go from here  
(When will I know)  
Like tearing flesh still the scars remain  
The difference is so clear  
And I'm breaking my fall  
When I'm risking it all

And my options are few  
When all I have is you and that's all  
Yeah I'm chasing the call  
But my patience is gone  
Now all these memories  
Are coming back to me

Cause I'm missing you tonight  
'Til I finally close my eyes  
I am caught up in this moment  
So caught up  
Cause you're right here by my side

And if I'm dreaming it's alright  
'Til I finally close my eyes  
I am caught up in this moment  
So caught up  
Cause you're right here by my side
