I see a different face
Reflections in the mirror, reveal the change
A panic overtakes me
Cause I fear I won't ever break free from my ways

I feel so locked up and defeated
Am I alone in these chains?

Comfort my captive heart
I need rescuing
From the other side of me
Captured, feel alone in the dark
I am my own disease
This is the other side of me

I feel like such a waste
I can't go through this again, temptations win
They give me just enough to taste
I'm so sick of my mistakes
Will I change?

I feel so locked up and defeated
Am I alone in these chains?

Comfort my captive heart
I need rescuing
From the other side of me
Captured, feel alone in the dark
I am my own disease
This is the other side of me

Comfort my captive heart
I need rescuing
From the other side of me
Captured, feel alone in the dark
I am my own disease
This is the other side of me
Comfort my captive heart
I need rescuing
From the other side of me
Captured, feel alone in the dark
I am my own disease

This is the other side of me
