So afraid of committing reputational suicide  
Don't say a word turn my back opportunities lost inside  
Dream on dreamers and you will find me dream on  
dreamers and you will find me

I run to you  
Everytime that you turn your back and then you walk  
away from me I turn to you  
I run to you  
Everytime that you turn your back and then you walk  
away from me I turn to you

Can't believe all the things I continue to push aside  
Forgetting everything all the things everybody in my  
life dream on dreamers and you will find me dream on  
dreamers and you will find me

I run to you  
Everytime that you turn your back and then you walk  
away from me I turn to you  
I run to you  
Everytime that you turn your back and then you walk  
away from me I turn to you

Was lost but now I'm found  
So blind but now I see you so clearly  
Guide my path and steer me  
Take my hand get near me  
I understand I must do anything to dream on
