If you kick me when I'm down,  
I'll get back up every time just to prove you wrong  
And if I get knocked out,  
My pride is all I've got left to break my fall  
I'm getting ready for the fight of my life  
Nothing to lose, I've got everything to prove

Trust me, I'll put my life on the line  
Cause I've got nothing to hide  
Trust me, I'll put my life on the line  
Better get your tickets to the show

'Round and 'round we go  
This fight scores blow by blow  
Boom, boom, bam, I won't pull no punches  
Till the clock reads zero

When I hear the masses scream,  
I'm not afraid of the chaos around me  
I feed off that energy  
I'll risk it all to protect the victory  
I'm getting ready for the fight of my life  
Nothing to lose, I've got everything to prove

Trust me, I'll put my life on the line  
Cause I've got nothing to hide  
Trust me, I'll put my life on the line  
Better get your tickets to the show

'Round and 'round we go  
This fight scores blow by blow  
Boom, boom, bam, I won't pull no punches  
Till the clock reads zero

(It's a showdown, it's a showdown)

'Round and 'round we go  
This fight scores blow by blow  
Boom, boom, bam, I won't pull no punches  
Till the clock reads zero
