Frustrated?
And crazy?
Are you now fucking jaded?
And you want to stay inside your home

Unrated?
And Faded?
Don't look me like this baby
Cause I wanna feel more than a wound
And now I'm feeling

I'll break the ice,
I'm breaking now
I'll break the ice again
I will enjoy the night
And have a good time
And you'll ever be the same
Things that you don't know
I just wanna show
That you don't need to live
In your nightmare
And I'll never be like this
So now I'm breaking
