I'm just walking on the street  
And I'm just looking for something like this,  
That cannot disturb me  
That cannot talk with me,

I'm just looking for a bit of crack  
I'm just looking for a big bed  
That I can take my bitch there  
Take my bitch there

When you get afraid  
I wanna be insane  
When you gotta hate  
I wanna be insane  
When you pray for me  
I wanna be insane

Watch me freak again

I'm just walking on and on  
And I'm just breaking my telephone cause I,  
I don't wanna talk with you  
I don't wanna talk now,

I'm just looking for a bit of crack  
I'm just looking for a big bed  
That I can take my bitch there  
Take my bitch there

When you get afraid  
I wanna be insane  
When you gotta hate  
I wanna be insane  
When you pray for me  
I wanna be insane
