I'm hunting all alone,
I'll separate skin from bone, and
I'll laugh all night long
And now you'll suffer on my hands
God never will tell you why
But now you deserve to die
Maybe I'll take off your eyes
One by one, I'm on your side

Just wait
To feel my bullet blow your fucking head
When I'm here the pain is always free
Nobody will listen to you
What the fuck you gonna do?

You're feeling so alone
So is time to start to pray now
You thought that you were strong
So is time to think about
Now you can remember everything you did
Nothing was so easy like this to me
You want to save your soul tonight
But I'll be here killing you inside

Just wait
To feel my bullet blow your fucking head
When I'm here the pain is always free
Nobody will listen to you
What the fuck you gonna do?

Wait...

Now I'll show the evil that's inside of me,
I spent a lot of fucking time in my life with this
And I'm feeling fucking right
Cause now is your turn to die
I'll drag you mother fucker like a bag of shit
I'll take everything that you have for me
And I'll spit in all your life
Mother fucker

Just wait
To feel my bullet blow your fucking head
When I'm here the pain is always free
Nobody will listen to you
What the fuck you gonna do?
