"Out Of Sex"

There's a lot of things
That I wanna do with you tonight,
And you know that nothing
Will be right,
There's some strange feeling
That I never felt before,
Something like this I never
Will ignore,

Because you know
That you wanna do,
And never was strange for you,
So now
Lets do the sin again,
You know
You wanna be in here
And do a lot things with me
And how
How can you stand?

Cause I know that

Out of Sex gonna break me down
I'll be dead, if you don't come around
Don't be mad, I just wanna bring you out

Out of sex gonna break you and
I don't care, if you have a boyfriend
Don't be mad, I don't wanna hold your hand

Don't be mad with me!
