I know that now
You want forget everything inside you
But you'll come here to another sin
And play with my rules

There's not a reason to regret
Is like a little devil in your head,
Screaming
Baby stop him before you hear,
Another sexual melody

I know that now
You want forget everything inside you
But you'll come here to another sin
And play with my rules

There's not a reason to regret
Is like a little devil in your head,
Screaming
Baby stop him before you hear,
There's not a reason to regret
Is like a little devil in your head,
Screaming
Baby stop him before you hear,
Another sexual melody
