intro:  
how can i say this  
dont start crying now  
dont cry yet  
just listen  
wat can i say girl  
tears runnin down ur face girl  
i know u hate my face  
and my ways girl  
so many lies that i said  
now i can admit  
i was playin tricks with ur head  
many tricks gave me head  
now baby im payin for it  
that was my game  
and i cant ignore it  
paid the price got my receipt  
to show it  
how would u feel to see  
evil in ur heart thats growin  
but now im open  
and im hopin for love  
this is my heart that i  
spoken to you love  
too many lies i told  
cause u dont wanna hear it  
too many times i left you  
broken in spirit  
but wait  
let me make it up with love  
and hold you close my dearest  
soo many things i wanna say  
but ull think its all lies  
i say it anyways  
at least i tried right  
(chorus)  
its all bad what i did to you  
give me one more chance  
to make up what i did to you  
ohhhh ohhh ohhh  
its many things i never said to you  
at least i tried

cause lord knows ima man of my pride  
ya heard ya heard  
baby lets pretend  
that im not that man  
give me one more chance  
just to start over again  
you wont attempt  
you dont wanna be no fool  
its a hard position  
to even listen to what im sayin to you  
your friends on the rear  
sayin he playin you boo  
which was true  
but truth is i dont  
wanna see myself without you  
but its too late  
should of thought of that  
before i made my mistake  
no more love in ur heart  
for me  
what is left inside is  
blind hate for me  
i accept it  
but i wish i could erase the pain  
and rekindle the flame  
but you dont wanna remain  
so its words that i have to restrain  
your love i wanna retain  
so i say it anyways  
but you'll think its all lies i say it  
anyways at least i tried right  
(chorus)  
its all bad what i did to you  
give me one more chance  
to make up what i did to you  
ohhhh ohhh ohhh  
its many things i never said to you  
at least i tried  
cause lord knows ima man of my pride  
ya heard ya heard  
im so ashame i dont wanna show my face  
see you every now and then  
it kills me to see the look on ur face  
nd u moved on  
i gotta see you in another mans arm  
one of my bois  
it hurts inside but i try to keep strong  
but truth is i cant shake this shit  
im in love i cant fake this shit  
i kno i did some fucked up shit  
i wish i never touched that bitch

but i did  
replays in my mind  
how i did some fucked up shit  
now that you gone  
i want u right here  
but now u gone  
u dont wanna be here  
i got too much pride i know it  
im desperate for your love  
im not willing to show it  
ima changed man i dont  
think u know it  
im stuck in my past  
i dont think u noticed  
so many things i wanna say  
but u past bye with a wierd  
look on ur face

(chorus)

its many things i never said to you  
at least i tried  
cause lord knows ima man of my pride  
ya heard ya heard

its all bad what i did to you  
give me one more chance  
to make up what i did to you  
ohhhh ohhh
