Lie awake completely satisfied and let the sweat run  
through my hair  
Well I haven't felt this way in quite sometime when I  
look over you're not there  
Pain I won't let you slip away, No everybody must begin  
somewhere  
Everyone here knows this is killing me, man it tears the  
soul straight from my spine  
But in the end I guess the truth is shown, that you won't  
ever really be mine  
Pain I won't let you slip away no everybody makes  
mistakes sometimes  
Rain on my parade  
Rain on my pain  
Rain on my parade  
Rain on my parade  
Sell me the fortune, tell me it's all mine lost in the  
commotion distracted we hide  
Embellish the moment cut and bleeding astound me  
with precision and kiss me good night  
But I lie awake completely satisfied and let the sweat  
run through my hair  
Well I haven't felt this way in quite some time when I  
look over you're not there  
Pain I won't let you slip away No everybody makes  
mistakes sometimes  
Rain on my pain  
Rain  
Rain on my parade  
Pain
