Dare I say I'm a fan of your work
I'm your number 1
But still sometimes I forget words to your songsÃ,
Though I still belong
And I can't imagine why
You won't look me in the eye
Just remember me cause you'll see me again

The key of E sounds so sad with a touch of a minor G
And all your work does just that, it makes me feel like I
know you

And it's not exactly fair
You pretend that I'm not there
Just remember me cause you'll see me again
You'll see me again

And I can't imagine how
I could buy your records now
Cause I could smash your records now
Just remember me cause you'll see me again
You'll see me again
You'll see me again
You'll see me again
