This love, this hope
This peace of God this righteousness
This faith, this joy
This time complete in me
Now healed and whole
And risen in His righteousness
I live in Him, He lives in me
And filled with this hope in God
Reflecting His Glory
[Chorus]
Now is the time to worship you
Now is the time to offer you
All of my thoughts, my dreams and my plans
I lay them down
Now is the time to live for you
Now is the time I'm found in you
Now is the time your kingdom comes
This love, this strength
This word, fulfilled, this promise sure
This hope in me
A shelter from the storm
In life and love
Created for a destiny
I live in Him, He lives in me
And filled with this hope in God
Reflecting His glory
