I grab my I'd goin out tonight  
with my homies yea baby that's right  
Lookin fab yea we're lookin so flah  
So excited people dancing over there  
A puppet guy he ridin by winkin through the door things  
he's adore  
Gonna get the girls by a fancy car  
Buy me a drink smilin from the bar

Textin me baby you're so pretty  
Talk to me we're so much cheesy  
"Is it you or baby fairy  
Am I lucky or you're freezin me"  
Huh  
It doesn't grab me at all  
You shouldn't do that at all  
I'm just chillin in the club don't you ever go and mess  
up  
Ayo step back now go play with yer mamas  
No place for wooer this is only

Tell me girls what chu wanna do  
They aren't groovy as we are  
Tell me girls what they gonna say  
You see my right there with my white Air black hair

Tell me girls what chu wanna do  
They aren't groovy as we are  
Tell me girls what they gonna say  
You see my right there with my white Air black hair

Telling me you on magazine  
Next time you say you speak madarine  
Boss around when you were seventeen  
That I'm lucky gonna be yo queen  
No way step out keep yo mouth don't make sound  
I don't need no guy to be my new wife  
Act a gay don't play (play)  
Clear the way  
I don't need you say don't blaze away  
I step in de club head straight like a modal (yea)

I'm eighteen since January the fourteenth  
You wish you could be like me and my boys  
Or you just stay at home play with your toys  
If you wanna get down, down to the ground  
Give it to me now hah yea baby come round  
Hola, Me llamo S U B O - I  
Ima dance like, there's an ant in my pantsss

They aren't groovy as we are  
Tell me girls what they gonna say  
You see my right there with my white Air black hair

Tell me girls what chu wanna do  
They aren't groovy as we are  
Tell me girls what they gonna say
