Somewhere in the darkness I stand
Watching and waiting again
Somewhere in the darkness she cries
And I hear the silence die
the silence

Chorus:

Her lips are cold like death
and she steals away my last breath
as i reach into her soul and coldly
let her go I let heeeeeer
eeeeer lips are cold like death
and she steals away my last breath
as i reach into her soul and coldly let her go
I let her goooooooooo

(repeat verse 1 and chorus)

[different chorus]
as i reach into her soul and coldly
let her go I let her

Now I feel it moving to her
and different faces going still
down and back with all this fight
till nothing else matters tonight

Dance back and glance back to
with all this see
you have to let me know

Cut hold cut tight
tragic faces different fight
send a shockwave home

gripping closer
gripping gold
griiiiiiiii-iping gold

[chorus]
