

Subset "Anchor"

Visit "[Anchor](#)" on MotoLyrics.com

If you won't take me let me know why you even
suggested it at all.
And then the reason that I get belies a reason that I get.
Cause it's a long drive from this town doesn't make it
any cooler than
the places we go every morning to dream of places out
of town.

For the duration of the day you gotta do it - toss over
the anchor.
If you won't take me let me know why you even
suggested it at all.
And then the reason that I get belies a reason that I get.
Cause it's a long flight from this town doesn't make it
any truer than
the places we go every morning to dream of places out
of town.
