Gotta settle down

If you're gonna wanna pull off the

Greatest escape yet

And get in better position

This edition only comes in too's and for's.

From what ransom tells me

You pulse at a rate from

Ten to fifteen B-U-T

Lit at noon

Get it soon

You won't need scores to make it from the heart.

Here's to all the fallen comrades on the field

Sargeants breathing down their necks

Recite to feel like

Any information that leads to an arrest

Will be

Rewarded

Appropriately.

And when you get it back

My hard-earned cash

You'll see what it is that keeps me breathing.

Just a substitute for a

Natural reaction when I get defeated.
