Let's take umbrellas for example, you've always had
one instead of a sullied cap.
Wouldn't get caught dead before
a full cup spills over and onto the countertop.

Woke up late, but just in time
to catch you sleeping with your eyes open wide.

Tick, tick, tick, tick, tick, tick till you go off.

Didn't mean to stall the process you meant to start
adoration of an order you carefully peel apart.
Get together all the plans
so the backfire burns the cancer growing between the
cracks.

Write down measures that don't add up.
We got erasers but we don't pick em up.

Tick, tick, tick, tick, tick, tick ...
